

Advanced lubricants for

SCANIA COMMERCIAL VEHICLES

Scania is a world leading provider of transport solutions, with a focus on customer profitability to drive them towards being the leading company in their industry. And as one of the world's top lubricant brands, we are committed to developing the highest quality products that meet and often exceed Scania's specifications, providing outstanding performance and protection for your Scania commercial vehicle.

Scania has developed its own specifications (e.g. LDF-4 for engine oils) and Texaco® products are approved against these key requirements. In addition, our products cover a full range of approvals for other OEMs, meaning that we can meet the demands of a mix of manufacturers as well as your core Scania fleet.

texacodelo.com

Our products suitable for Scania include:

Heavy duty engine oils

Gear oils

Transmission fluids

Total driveline lubricants

Greases

Antifreeze/Coolants

Please see overleaf for a full table of products.

For the latest information on our products, please refer to the Product Data Sheet (PDS) at: texacolubricants.com/PDS
